

Workshop 14

Text Summarization Evaluation

Task 1

- Use the summaries that you have manually prepared as the reference text.
- Evaluate the results from **extractive** and **abstractive summarizations** with your reference text using the following metrics.
 - ROUGE-1
 - ROUGE-2
 - ROUGE-L
 - BLEU
- Submit an Excel file with 2 sheets (extractive, abstractive). Each sheet must contain the following columns:
 - reference, candidate, ROUGE-1, ROUGE-2, ROUGE-L, BLEU

Task 2

- Compare human evaluated scores with the scores obtained in Task 1.
- Are the scores from human and automatic evaluation align?
- Which one do you think makes more sense to you?
- If you were to evaluation the text summarization models, which evaluation technique will you use? Why?
